Summary

As a MERN stack developer with 3 years of experience, I craft scalable web applications using MongoDB, Express.js, React.js, and Node.js. Currently, I'm expanding into mobile development with React Native to build cross-platform apps. My experience includes projects like SkillHub and Cinova, where I deliver innovative, high-quality solutions. Passionate about continuous learning, I stay current with tech trends to ensure exceptional results and seamless user experiences.
