## Summary

---

As a seasoned MERN stack developer with 3 years of hands-on experience, I specialize in crafting scalable and high-performance web applications utilizing MongoDB, Express.js, React.js, and Node.js. My journey in web development has led me to build and deliver impactful projects like SkillHub and Cinova, where I focus on providing innovative and top-notch solutions. Currently, I'm expanding my expertise into Full Stack development, exploring advanced technologies to create seamless cross-platform applications. With a passion for continuous learning, I stay at the forefront of tech trends to ensure exceptional user experiences and cutting-edge results.
